Dear Walid:

I just wanted to thank you and your staff for the superb work they did on my apartment at the Setai. Your colleagues executed a complicated project on a tight schedule with very little preparation time in a most professional and expert manner. The project was made even more complicated by the fact that we were using lighting fixtures which were new to Miami Beach and, therefore, complex in both installation and acquisition.

Please send my thanks to George, Kurt and Meg for coordinating this effort. As a builder/developer myself I am qualified to judge a construction organization like yours, and I congratulate you on the very high standards of quality and service that you provided.

Thanks again.

Sincerely,

Richard S. LeFrak
