

BLAINE TRUMP
STEVE SIMON

29 July 2019

We have known Walid Wahab and Wahab Construction since 2011, when we gutted and redesigned our apartment at The Setai on Miami Beach.

We went into this project knowing that Miami has always had a reputation for being difficult to complete construction projects on time and on budget.

We interviewed several companies and asked many people for references.

Wahab Construction was the name that popped up the most frequently, time and time again, and always in a positive way.

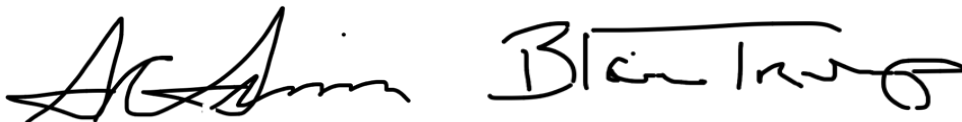

We selected Wahab Construction to do our work and we were not disappointed. Every step of the process was handled in the most professional manner. We were constantly updated as to the economic impact of any changes that we desired. Thus, there were no financial surprises. Because Wahab always had a full-time project manager on site, the project moved forward smoothly and swiftly.

In the end, our project was completed on budget and in a timely fashion. The workmanship was of the highest quality.

In the years that followed, Wahab Construction has always been quick to respond to any issues that arose. Their concern with customer satisfaction is another admirable trait.

We continue to regard Wahab Construction as the number one construction organization in Miami.

Please do not hesitate to contact us if you should have any questions.
