To whom it may concern -

I've now known Walid Wahab for about 18 months or so when he started working on our home on North Bay Road -

We called him in, as we had arguably one of the least effective contractors in the world working on it -

We needed serious help to correct the mistakes that were committed and move forward -

We had received excellent references about Walid from friends and his clients - in some cases, one in the same -

Walid personally was always available - Bottom line did an outstanding job with the quality of the work and the time of the work -

The punch-list was quite small relative to what Peggy (my wife) are used to -

I would recommend Walid wholeheartedly -

Feel free to call me if you have any questions -

Wishing you the best,
