To Whom It May Concern,

Wahab Construction built our Penthouse in Miami Beach. The project entailed three joined penthouses that were in a shell state.

We had known Walid Wahab personally for many years and we were also aware of his impeccable reputation as a builder here in Miami.

Wahab Construction not only lived up to our expectations but far exceeded them. Walid and his team are completely hands on: they get the job done no matter what and they are fully involved on every level; they are problem solvers.

The Wahab Team managed everything from the Architects & Engineers, as well as all of the subcontractors and vendors. They were also very diligent in keeping everyone in line when it came to schedule.

They delivered a finished product of exceptional quality and within a competitive budget.

We are enjoying living in our new home tremendously.

It is with great confidence that I recommend Walid Wahab and Wahab Construction.

Sincerely yours,

Ambassador Paul L. Cejas
